

Step 5: Getting Involved

Going from “I” to “We”

OBJECTIVES

Help participants identify different types of group organisations and their differences (structure, issues, method of action)

DESCRIPTION

During this activity, participants will identify a cause that is important to them, and where they might like to get involved. They will then look for different groups and organisations in civil society where they might be able to get involved (trade unions, political parties, non-profits, other groups) and they will identify the different characteristics of each.

DURATION

50 mins
